DEATH IN A TUNNEL

Six Railway Employees Were Suffocated by Coal Gas Under the St. Clair River.

TWO OF THE DEAD WERE RESCUERS

Fireman Saved His Life by Jumping Into the Partly Filled Water Tank of the Tender.

He Remained There For Nearly Two Hours Before He Was Rescued, and His Escape Was Little Short of Miraculous.

Port Huron, Mich., Oct. 10.—Six employees of the Grand Trunk were suffocated to death by coal gas early Sunday in the St. Clair tunnel which runs under the St. Clair river from Port Huron to Sarnia, Ont. A coal train broke in two while passing through the tunnel and three of the train crew were suffocated while part of the train lay stilled in the tunnel. The engineer lost his life when he returned and endeavored to push the stalled cars back to safety, and two other rescuers perished in vain attempts to penetrate the gaseous atmosphere of the great tube.

The train, which entered from the American side of the tunnel, was made up of 17 coal cars. When it broke Engineer John Coleman realized that the accident had happened and with the three cars that were still attached to the engine, steamed out of the tunnel into the Sarnia yards. He hastily detached his engine and went back into the tube for the stalled cars. When his engine reached them he attempted to push them back through the tunnel and out of the American portal. The engine and cars rolled back into the gas laden tunnel and Engineer Coleman was suffocated at his post in the engine cab. His fireman, Fred Forester, with great presence of mind, jumped into the partly filled water tank of the engine, where there was enough air to preserve his life, although he is in a serious condition.

When the news of the broken train reached the American side of the tunnel, Superintendent A. S. Begg, accompanied by two other employees, started in on foot, hoping that the train was near enough to the entrance so that they might rescue and carry out some of the crew. They had gone but a short distance when the coal gas became stifling and Begg succumbed. The other two rescuers succeeded in crawling to the portal of the tunnel on their hands and knees.

Meanwhile preparations were being made at the Sarnia end of the tunnel to rescue the imprisoned train crew. An engine with a party of rescuers entered the tube and had proceeded but a short distance when they found John Haley, a track walker, lying unconscious on the track. He was taken out and again the engine plunged into the gaseous atmosphere. The rescuers were overcome, however, by the gas before the train was reached and Brakeman McGrath died. Switchman Blake, who was a member of the party, after a time made another attempt to penetrate the gas, and this time succeeded in reaching the stalled engine, coupled it to the cars and ran the train out into the daylight. Conductors Simpson, Tinsley and Gillis were found dead in the caboose. Fireman Forester was in the water tank of the engine nearly two hours before he was rescued, and his escape is little short of miraculous.

USED DULL CLIPPERS.

Fatal Fight Between Colored Men in a Chicago Barber Shop.

Chicago, Oct. 10.—Because he was using a pair of dull clippers, Charles Alexander was killed here Sunday by James Thomas, the man whose hair was being cut. When Thomas complained that the clippers Alexander used were dull and were pulling his hair, instead of cutting it the barber struck him. In the fight that followed Thomas got possession of the clippers and slashed his antagonist's throat. Alexander died almost instantly, his jugular vein having been severed. Both men are colored.

DODGED THE LYNCHERS.

They Opened the Jail Doors and the Intended Victim Escaped.

Lawrenceburg, Ky., Oct. 10.—A mob composed of about 25 Negroes, incensed at the killing Sunday of Gene Jones by Harry Bond, both Negroes, marched to the jail late Sunday night for the avowed purpose of securing Bond and lynching him.

The Negroes called to Jailer Archie Sparrow, who, thinking that they had a prisoner to turn over to him, got up, and, lighting a lamp, started for the jail. The Negroes overpowered him and made him surrender the keys. They unlocked the jail door and started for Bond, who dodged them, knocked over the lamp, and made his escape in the darkness.

Although the Negroes were armed with guns and pistols, they did not fire a shot at the fleeing Negro.

THOUSANDS VIEWED THE BODY.

Two Hundred Letter Carriers of the Milwaukee Post Office Escorted the Casket to the Church.

The Full Episcopal Services For the Dead Were Read By Bishop Nicholson—The Services at the Grave Were Private.

Milwaukee, Wis., Oct. 10.—The remains of Postmaster General Henry Clay Payne were laid to rest in Forest Home cemetery Sunday afternoon. Thousands viewed the remains at the city hall before they were removed to the cathedral. Mrs. Payne and members of the funeral party who accompanied the remains from Washington, took a farewell view of the departed at noon. At 3 o'clock the casket was placed in a hearse and, under an escort of 200 letter carriers of the Milwaukee post office, the procession moved to the church. The active pall bearers were eight letter carriers of the Milwaukee post office who were employees at the time Mr. Payne was postmaster of Milwaukee. The honorary pall bearers included Secretaries Paul Morton, Victor H. Metcalf and James Wilson, United States Senators Quarles and Spooner, Elmer Dover and Harry S. New.

A large delegation from the Chicago post office, headed by Postmaster Coyne, was at the cathedral, as were delegations from various Milwaukee organizations with which Mr. Payne was connected.

The funeral party was met at the church entrance by Bishop I. L. Nicholson, his assistants, and a surplined choir of 40 voices, who preceded them to the chancel. The full Episcopal services for the dead were read by Bishop Nicholson. SEVERAL MEN ARRESTED.

Police Believe They Have Broken Up a Gigantic Drug Swindle.

New York, Oct. 10.—The New York police are convinced that they have broken up a gigantic drug swindle by the arrest of several men in this city. The arrests were made on information that well known proprietary medicines were being counterfeited and sold as genuine, and the authorities assert that the investigation is not complete.

Drugs seized at the apartment of Howard E. Wooten Sunday, it is said, are valued at \$10,000. Wooten is one of the men under arrest. The others are Simon B. Minden, Manville Thomas, Charles S. Horn, Charles F. Rislov and Walter S. Rockey. It is asserted by local detectives that slips were found in the places raided, giving the names of 5,000 druggists throughout the country to whom dangerous mixtures, made in New York, were sold. It is said that the most important find in the raids was the circulars sent out to druggists and containing the code by which they could order the preparations.

It is alleged by the police that preparations made by the best known chemical firms in Europe were counterfeited. In circulars discovered was the statement: "All these goods are genuine, in original packages and unopened."

The price list showed that the drugs in the list were being sold below the regular price.

OFFENSIVE MOVE.

The Japanese Line at Bentsiuptze Has Been Broken by Gen. Kuropatkin.

OCCUPIED A FRONT OF 52 MILES.

The Russians Captured an Important Hill and Flanked the Japs Out of the Town.

The Two Armies Are in the Anomalous Position of Threatening Each Other's Lines of Communication—At Port Arthur.

St. Petersburg, Oct. 10.—Gen. Kuropatkin's order of the day announcing his determination to take the offensive was supplemented Sunday night by the news that an offensive movement has already been begun and that the Japanese line has been broken at Bentsiuptze on the east through Yen-tai and across the railway to the banks of the Hun river on the west. The Russian force has been moving south in close touch with the Japanese advance since October 4. The Japanese outposts were driven back in a series of skirmishes, and on October 6 the Russians re-occupied the station of Shakh, 15 miles south of Mukden, the railway battalion restoring the bridge across the Shakh river the next day in order to facilitate the advance. Meanwhile Gen. Mistchenko's Cossacks pushed southwestward as far as the Yenai mines, defeating the Japanese in a series of warm skirmishes.

The most important action, however, occurred on the Japanese right at Bentsiuptze. Here the Japanese held a strong and important position, but it seems they made the inexplicable omission to fortify a commanding hill which was the key to the whole situation. A portion of Gen. Kuropatkin's force made a strong attack on Bentsiuptze and, taking a leaf out of the Japanese book, occupied the hill from the east and flanked the Japanese out of the town, causing a serious loss in a rear guard fight. The Russian casualties are reported to have been inconsiderable.

While these operations are progressing south of Mukden, it is reported that two Japanese divisions under Gen. Fugai are marching west up the Liao river and are now 22 miles south of Simintin. Gen. Kuroki is expected to make a similar move eastward. This statement if accurate leaves two armies in the anomalous position of threatening each other's lines of communication, the Japanese by a wide turning movement, while the Russians, pushing south, have already inflicted a blow on the Japanese right and are crowding back their center along the railway.

While it is understood that Mukden is not heavily fortified, Gen. Kuropatkin has a powerful force behind him, strongly posted at Tie Pass; and if, as he asserts, the Russians are now powerful enough to assume the offensive, it is possible his advance movement will force the Japanese flanking column to withdraw in order to protect their own base. On the other hand, there seems to be a possibility of one or both the Japanese columns threatening the railway behind the Russians and forcing a suspension of their aggressive movement.

The Foo, Oct. 10.—The increased activity of the Japanese fleet, blockading Port Arthur in the stopping of merchantmen, is due to a lookout which is being kept for three British ships, which, it is suspected, intend to attempt to enter Port Arthur with tinne meats and vegetables. The British steamer Victoria was stopped near Wei Hai Wei Sunday evening and the above explanation was made to her by the Japanese boarding officer.

Lady Curzon Much Better.

Walmer Castle, Oct. 10.—After a fairly good night, Lady Curzon's condition Sunday showed a marked improvement and it is now hoped that a second operation will not be needed, though the case is still serious enough to cause anxiety for several days.

It is an old but true saying that twenty rods of bad sidewalk in a town will depreciate the value of \$20,000 worth of real estate. No wonder Maysville city property is so cheap!

EVERY Federal office-holder in Kentucky is being drummed for contributions to the campaign fund. These duns are sent out on official paper, with the full knowledge of the various collectors and postmasters and yet no protest is filed by the Civil Service Commissioners.

The question of voting on the proposition of returning to the open or viva voce ballot will not be submitted at the coming election, as stated in the article reprinted Saturday from the Times-Star. Colonel Washington's interviewer simply got dates mixed and is a year ahead of time. The matter will not come up until November, 1905.

BEFORE the campaign opened Roosevelt had something to say on every conceivable subject from the need of more babies to the continuous dry spell. Now he is as silent as the men the freight train ran over. You couldn't blow an opinion out of him with a shell of dynamite. There is only one key to the padlock which has closed Teddy's strenuous jaw and the National Committee has thrown that key away.

ONE of the most significant features of the campaign is the attitude of the independent press of New York City. Four years ago they were a unit for McKinley. This year they are unanimously for Judge Parker. The New York Herald is leading the battle against Rooseveltism, which it considers a menace to the peace and prosperity of the country. The New York World, which fought Bryan bitterly in 1896 and 1900, is advocating the election of Judge Parker and Mr. Pulitzer is personally pouring broadsides into the Republican ticket. The New York Times, which has grown to be one of the most influential journals in the East, is lending material aid to the Democrats, and the Evening Post is also for Judge Parker. These straws show which way the independent vote is going in the Eastern States and it will not be surprising if the landslide in New York will carry with it New Jersey and Connecticut, whose interests are so closely bound up with the Empire State.

Most of the indicted post-office grafters are likely to escape punishment, for the Administration is evidently very loath to push the prosecution against them. Tyner and Barrett were acquitted. Beavers and Machen are out on bail, and the other cases are resting from one cause or another. There is a growing conviction that many of these cases will never be pushed to trial, for the evidence that might be produced would implicate others higher in the Republican councils, and that would be disastrous to the Administration. The fact that the Republican majority of Congress refused to allow an impartial investigation is pretty strong proof that they know that much more was behind the scenes that would be uncovered. The claim in the Republican platform and by Mr. Roosevelt in his speech of acceptance, that the thieves had been routed out and punished is therefore bombastic talk for political effect. Turn the rascals out.

As the Other Fellows See It.

Cynthiana Democrat: "The Bennett men have forced Pugh off the stage. It is not considered reasonable to suppose that the Pugh followers will not have their revenge. The withdrawal of a candidate on the eve of an election means the overwhelming defeat of the party. Three thousand represented the modest figures at which the Bennett Republicans place Congressman Kehoe's coming majority over Judge Pugh. The Pugh Republicans will no doubt make it six thousand over Bennett. You may pay your money and take your choice, gentlemen; it is a matter of indifference to Congressman Kehoe which candidate he slaughters. So Bennett is willing to play second fiddle to Pugh. What the Pughists will do to him in November will be delightfully enough."

SEE THE "DEAD-HEAD."

Newspapermen Are Always in at a Free Blow and Seldom Give Value Received For an Exchange of Courtesies.

When you see the editor at a play, point him out to your companions as a wonderful curiosity—a "dead-head." Perhaps his newspaper only gave about \$13.20 worth of valuable space for the privilege of having the scribe mingle with society and frowned at by the ticket-taker as he enters the door.

By and by a cheap show will come to town for a week and the manager will

expect the newspaper man to spend his time looking for complimentary notices in the exchanges and let the Russia-Japanese war go by default. The opera house people will trot up two 30-cent tickets—maybe four if the editor is good. In return he will be expected to lose half a night's sleep and write half a column of irrelevant stuff about the play.

Some sweet day the "worm will turn" and demand coin of the realm for his stock-in-trade. Then newspapermen can buy their railroad transportation and theatre tickets for hard cash and sit inconspicuously with the common herd.

SHOCKING ACCIDENT.

Wife of Section Foreman Whanger Killed by a C. and O. Freight Train Saturday Night.

A frightful accident occurred in the C. and O. yards, just west of the depot, Saturday night about 9:45 o'clock.

The wife of Section Foreman A. J. Whanger was horribly mangled by a freight train, having one leg cut off above the knee, the other crushed and being otherwise injured, from which she died about an hour afterwards.

The family reside on West Second street, with a rear entrance from the C. and O. tracks.

Freight train No. 71 had just pulled in and was engaged in switching some cars from one track to another when Mrs. Whanger, who attempted to cross to her home, was stuck by a cut of cars being backed down the road, knocked beneath the wheels and fatally injured as above described.

When the unfortunate woman was discovered, she was quickly carried into the house and Dr. Reed summoned, but when he arrived, he saw at once that the end was near, and shortly afterwards she died.

The grief of her husband and the three children who survive—Layton, aged thirteen; Wesley, eleven, and Lola, nine, was heart-rending, and sympathetic neighbors did all they could to comfort the bereaved ones.

Deceased was only twenty-nine years old and previous to her marriage lived at Allegheny Station, Va. The family moved here eight years ago, and with the exception of a few months have resided in Maysville ever since.

The remains were taken to Rancevert, W. Va., Mr. Whanger's former home, yesterday afternoon on train No. 2 and the burial will take place to-day.

NEW TRACTION LINE.

Meeting at Germantown Saturday Afternoon to Arrange for a Preliminary Survey.

There is a plan on foot to build a traction line from Maysville to Germantown, via Washington.

A committee composed of Messrs. Clarence Sallee, W. W. Ball, Thomas A. Davis, Mayor Stallcup and Jno. Duley of this city, and L. G. Maltby of Washington was appointed to arrange for a preliminary survey. A subscription for the purpose was started and about \$150 raised.

As planned, the road will pass through the richest and most populous parts of Mason County, and it seems it ought to be a success.

Mr. W. E. Chandler of the county left Sunday for Danville, Ill., to engage in farming.

W. W. Stubblefield, John T. Duzan and W. W. Hook were appointed appraisers of the personal estate of H. V. Riggen.

Mr. Val P. Collins of Covington was a passenger on the C. and O.'s No. 3 Sunday afternoon and had the pleasure of greeting some of his old friends at the depot.

Hon. W. H. Cox, Messrs. Byron Rudy, Lucien Barker, E. W. Hutchison, Will Smith, W. H. Stallcup, Lem Daulton and Jno. D. Wood left this morning for Morganfield, Ky., to attend the Grand Lodge meeting, I. O. O. F.

Investors are asked to subscribe for stock in the Maysville Warehouse Company. Subscriptions will be taken from \$100 up. The stock, it is promised, will pay an annual dividend of 8 per cent. net. See W. W. Ball, Secretary and Treasurer.

In the suit of Amanda Frost against Mr. George Ort of Otway, O., formerly of this city, the plaintiff was awarded \$366.75 damages. The suit was instituted against Mr. Ort because he sold liquors to her father, who became intoxicated and set fire to their house. Mr. Thomas M. Wood was one of the attorneys for the defendant.

Talk About the Best Field Fence

And you're bound to mention the "American." Its merits have been widely discussed and are familiar to those who have given it a trial. As a stock and all-purpose fence it must be acknowledged that it has no equal in the world. Made of large, strong, high-grade steel wires, heavily galvanized. Amply provides for expansion and contraction. Is practically everlasting and never goes wrong, no matter how great a strain is put on it. Will not mutilate, but does efficiently turn cattle, horses, hogs and pigs. Used as a division fence in towns or cities, the "American" is handsome, efficient and inexpensive. Every rod guaranteed by the manufacturer and by us. Call and see it. Can show you how it will save you money and fence your fields so they will stay fenced. **Prices lower now than ever before.**

To Straighten Children

If children lived out of doors all the year around there wouldn't be many round shoulders. It is the confinement of school rooms and the relaxed sitting position that causes them. As soon as the tendency to stoop is seen it ought to be corrected. The quicker done the easier done. There are effective

Shoulder Braces

made now, and we have them. They would be worth more than their cost if they cost a good deal. But they don't cost much, and nowhere do they cost so little as here.

James Mills stepped into a hole in the sidewalk at Covington, sustaining personal injuries that laid him up. He obtained judgment against the city for \$500. The case was taken to the Court of Appeals, which has just affirmed the decision of the lower court. There are hundreds of similar suits ripening in Maysville. Pretty soon the city's neglect will cost the tax-payers a good round sum.
